Technical Tools

Data & GIS Tools

- QGIS
- ArcMap
- USGS Earth Explorer
- SedLog
- LogView

Design Tools

- Illustrator
- Photoshop
- InDesign

Productivity

- Microsoft Office (Excel, Word, PowerPoint)

EXPERIENCES

Eshrakat Amal - 2025

- Managed and organized administrative and financial data records
- Assisted in documentation, reporting, and official correspondence
- Improved workflow organization through structured data handling
- Supported coordination of administrative operations

Sultan Qaboos University - 2024

- Managed digital media projects and produced 10+ visual assets
- Designed data-driven visual materials for educational and promotional use
- Coordinated project tasks, timelines, and team communication
- Produced digital content aligned with organizational goals

EDUCATION

Bachelor of Science in Earth Sciences

Sultan Qaboos University

Focus Areas:

- GIS Mapping
- Data Analysis
- Geological Mapping
- Field & Laboratory Data Interpretation

CERTIFICATIONS

NEXT GENERATION COURSE - OUTWARD BOUND OMAN, 2022-2023

Enhanced leadership, teamwork, and adaptability skills through experiential learning.

ELEMENTS OF AI - UNIVERSITY OF HELSINKI, 2021

Gained foundational knowledge of artificial intelligence concepts and applications.

INTRODUCTION TO CYBER SECURITY - CISCO NETWORKING ACADEMY, 2021

Developed skills in cybersecurity principles and system protection techniques.

PROJECTS

Geological Mapping Project (SQU)

- Collected and analyzed geological field data
- Created GIS-based maps using QGIS
- Interpreted spatial data and produced technical reports
